SONGBRIDGE · ENGLISH

We Begin Here

A gentle welcome, with room to arrive just as you are.

Right here…
we begin here.

We begin here—
begin here… begin here…

Not all at once—

just as you are…

Step by step—
we begin here.

VERSE 1

Some come ready,
Some arrive slow,
Some bring stories
We may never know.

You don’t have to change
To belong right now—
Just bring your whole self,
We’ll show you how.

CHORUS

We begin here—
begin here…
Not all at once—
just as you are…
Breath by breath—
we begin here.

VERSE 2

Some will listen,
Some will try,
Some will watch
Before they reply.

There’s no one way
To step inside—
Every path
Is welcome to arrive.

BRIDGE

Feet on the ground…
Air moving through…
Nothing to prove—
Just becoming you…

FINAL CHORUS

We begin here—
together now…
Side by side—
just as we are…
Step by step—
we begin here.

OUTRO

Whenever we need…
we begin here.
