Many Ways Forward

Keep going · All ages

Intro

Hey—
not one way.

Many ways.

Verse 1

Some start fast—
some wait.

Some jump in—
some hesitate.

Some talk it out—
some move first.

Some need quiet
before the words.

Pre-Chorus – lift

No one path—
no single line,

Different rhythms—
same shared time.

Chorus

Leader:
Many ways forward!

All:
Many ways!

Leader:
Not just one road—

All:
Not just one way!

All together:

Step in, step through,
however you do—

Many ways forward,
and they all count too.

Verse 2

Some build slow—
some spark quick.

Some stay steady—
some shift.

Some get there
by going around,

Some find their way
without a sound.

Pre-Chorus

Not the same—
and that’s the point,

Different paths—
but still joined.

Chorus

Leader:
Many ways forward!

All:
Many ways!

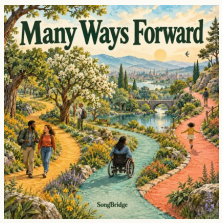

Leader:
Come as you are—

All:
You’re already on the way!

Step in, step through,
however you do—

Many ways forward,
and they all count too.

Bridge

Take your time.
Find your pace.

There’s no rush—
in this space.

You don’t have to
match the sound—

Just step in.
You’re already found.

Final Chorus

Leader:
Many ways forward!

All:
Many ways!

Leader:
Side by side—

All:
Different ways!

All together:

Step in, step through,
however you do—

Many ways forward,
and they all count too.

Outro

Come in how you are—

We’ll go from there.
